

Cover Page:

Passive Transport

- Define passive transport

Tab 1:

Diffusion

- Describe Diffusion
- Draw a picture of diffusion
- Write an explanation for your picture
- Give at least two examples of substances that are diffused in and out of cells.

Tab 2:

Facilitated Diffusion

- Describe Facilitated Diffusion
- Draw a picture of facilitated diffusion
- Write an explanation for your picture
- Give at least two examples of substances that go through facilitated diffusion

Tab 3:

Osmosis

- Describe Osmosis
- Draw a picture of osmosis
- Write an explanation for your picture.

Cover Page:

Active Transport

- Define Active Transport

Tab 1:

Membrane Pump

- Describe the Membrane pump
- Draw a picture of a membrane pump
- Write an explanation for your picture
- Explain why a membrane pump would be needed in a cell

Tab 2:

Endocytosis

- Describe endocytosis
- Draw a picture of endocytosis
- Write an explanation for your picture
- Explain the difference between phagocytosis and pinocytosis

Tab 3:

Exocytosis

- Describe Exocytosis
- Draw a picture of exocytosis
- Write an explanation for your picture.
